RUSSIAN MINISTER

Of the Interior Assassinated

EIGHT HUNDRED JAP FATALITIES ATTA TCHE KIAO

German Ships are Immune From Russian Detention. Russia Receives Britain's Note of Protest

RUSSIAN MINISTER OF THE INTERIOR ASSASSINATED.

London, July 28.—M. Van Plehve, Russian Minister of the Interior, met the fate of his predecessor this morning. A bomb thrown by a Jew while Von Plehve was driving to meet the Emperor, sent him into eternity. He has been blamed for the Kishenieff massacre. He was regarded as the most powerful man in Russia. The Czar almost broke down at the news.

St. Petersburg, July 28.—The Minister of the Interior, Von Plehve, was assassinated this morning while driving to the station to visit the Emperor at the palace. The bomb was thrown under the minister's carriage, completely shattering it. He was terribly mangled. The crime was committed at ten o'clock. The assassin has been arrested. His assassin is now said to be a Jew, who thus far declines to give his name.

JAPS SUFFER GREAT LOSS OF LIFE.

Tokio, July 28.—The Japanese casualties before Ta Tche Kiao were 800.

MOVEMENTS OF RUSSIAN VESSELS.

Peru, Red Sea, July 28.—Two Russian vessels supposed to be the volunteer fleet steamers St. Petersburg and Smolenek, passed here this morning, bound for Jibute, French Somaliland. They showed no colors.

GERMAN SHIPS RECEIVE PASSES.

Suez, July 27.—The Formosa sailed today to continue her voyage eastward. In accordance with instructions from Berlin all the German steamers bound east are furnished by the Russian consul here with a free pass for the Red Sea in case they should meet Russian war vessels.

THE VLADIVOSTOK SQUADRON.

Tokio, July 28.—Three Russian Vladivostok squadron was seen sixty miles off Tokio Bay at dawn this morning. It then moved to the south.

JAPS OCCUPIED TA TCHE KIAO.

St. Petersburg, July 28.—A telegram from General Kuropatkin was received today confirming the occupation of Ta Tche Kiao by the Japanese on July 27th and adding that a Japanese division has moved to the south.

BRITISH PROTEST TO RUSSIA.

St. Petersburg, July 29.—Foreign Minister Sandoroff has received the protest of the British government regarding the sinking of the Knight Commander.

The protest declares the act to be contrary to the law of nations and asks that instructions be sent to the Russian commanders to prevent its repetition. Count Ladoroff has not replied to the protest, but it is believed that he has already sent assurances to the British government that the necessary steps in this direction have been taken.

CONJURING CREEK

Bulletin Correspondence.

Fine weather continues.

Haying is in full swing.

The football match, Conjuring Creek vs. Leduc on the 12th inst. was a good game and there was quite a large turnout of spectators. The game resulted 2 to 1 in favor of the Creek.

On Saturday the 16th Clearwater football team played here. This being the Creek's annual picnic and sports day the post office grounds were crowded.

A hard fought game of football was played between Clearwater and Leduc which resulted in a victory for Clearwater team by two goals to one. A fair sprinkling of spectators were present, and much interest was displayed in the various athletic events.

During the first half Conjuring Creek scored, and matters looked unfavorable for the visitors, but in the latter half they redeemed their reputation by scoring twice. The teams were as follows:

Conjuring Creek, Goal, Ferris; Full Backs, Middleton, Howard; Half Backs, Bush, Stout (Capt), Kennedy; Forwards, Howard, Buckle, Moulson, Hamilton, Price.

Clearwater, Goal, F. Bell; Full Backs, Wakefield, Bastin; Half Backs, Robarge, Janson, Kennedy; Forwards, Buckle, Tucker, Tweedy (Capt), Burkholder, Cody.

Athletic Events—100 yds. amateur race, P. Robarge 1st; A. Burkholder, 2nd. 75 yds. handicap, P. Robarge 1st, C. Stout (scratch) 2nd. Running, hop, step and jump, C. Stout 1st, D. Buckle 2nd. Standing long jump, N. Tweedy 1st, C. Stout 2nd. Running long jump, C. Stout 1st, P. Bell 2nd. Putting 16 lb. shot, D. Buckle 1st, Chapman 2nd. Girls race under 16 years, Jessie Howard 1st, Myrtle Howard 2nd. Backward jump, H. Slater 1st, N. Tweedy 2nd.

Several children's races followed, which terminated a very enjoyable day's sports. Some of the sports did not get home until Monday, through one of their horses breaking loose and decamping, harness and all. Supper was served by the ladies in the grove.

All wheat and barley is headed out. The oat crop seems rather later. Harvest will be completed much earlier this year.

Our real estate agent sold Imray farm last week to Mr. Harding.

Mr. Humble who sold out and left to look up land in B. C., has returned and has re-bought cattle and implements and intends to stay here. He says there is no place like Conjuring Creek.

The homestead inspector was a visitor to the Creek last week, Conjuring Creek, July 28th.

DEATH OF AN OLDTIMER

A distressing accident occurred in St. Boniface on Sunday, which resulted in the death of Wm. May, better known to Edmonton old timers as Billy May. The Free Press thus describes the accident.

"An unfortunate accident, which resulted in the death of Mr. William May, of Winnipeg, occurred on the Canadian Northern railway track in St. Boniface about 4.55 o'clock yesterday morning. The deceased was struck by a train on the crossing at the junction of St. Joseph and Obert streets, and injured so badly that death followed within half an hour.

"It seems that Mr. May who was 65 years of age and very deaf, was either walking along the track approaching Winnipeg or traversing it to follow one of the streets named. At any rate he was moving between the rails and appeared to the few observers of the tragedy to be deeply absorbed in thought, having his head inclined so that he apparently could not see the train which was coming towards him from Winnipeg.

"The crew of the train, J. Hopkins, engineer, and F. C. Elford, fireman, saw him, but were unable to discern until too late that the man did not seem to realize his perilous position, nor hear the whistle which was sounded in warning. As soon as it became clear that the man paid no heed to the danger signals, the brakes were applied and the engine reversed. It was too late, however, and the train passed over the man's body, bruising him about the head and severing his legs just below the knee.

"The victim was removed to the undertaking parlors of John Coutts and Son, after the coroner, Dr. Lambert and the Chief of Police had been notified. It has not yet been decided whether an inquest will be necessary. Mr. May was at one time a locomotive engineer, having worked on the C.P.R. some years ago, and was credited with being well off financially. Heverses came, however, and latterly he has been in straightened circumstances. He came to Winnipeg about 15 years ago. He was unmarried and has no relatives in this part of the country."

NEW STEEL BRIDGE

Saskatoon citizens are among the most enterprising in the west. They leave no stone unturned to do everything possible to further the best interests of their town. In this the Phoenix joins wholeheartedly and keeps well abreast with the times. In its last issue it thus refers to the anticipated construction of a new C. P. R. bridge at that town.

Mr. Wm. Whyte, second vice-president of the C.P.R., arrived in town on Wednesday in the private car

"Manitoba." He was accompanied by Mr. Nanton and Mr. Peters, general traffic manager, and Mr. Brownlee. Mr. Milestone of Moose Jaw, late superintendent of the C.P.R., was also in the party.

Mr. Whyte was interviewed by the Mayor and President of the Board of Trade, together with several members of both bodies.

Mr. Whyte stated that the C.P.R. and the Qu'Appelle and Long Lake Railway Companies had decided to unite in building a steel bridge at this point to be used by both companies—the former using it when their extension from Yorkton was completed. They hoped this would be in the summer of 1905. He advised those present to do all in their power now

to secure a traffic bridge. The railway companies would be glad to assist and build the bridge to suit the requirements of the town, if the government did their part. Mr. Whyte estimated that a traffic bridge built for that purpose alone would cost \$145,000. They would build a bridge with vehicular and foot ways on both sides of their new bridge for two-thirds of this cost. The bridge they proposed building would suit admirably the needs of this portion of Saskatchewan. After some further discussion and Mr. Whyte had asked some questions re the town's prospects, the deputation withdrew.

Mr. Milestone, who seemed to be much interested in Saskatoon's welfare, had a short look round the town. He was wonderfully surprised to find the amount of progress that had been made since his last official trip to this district. He asked after many friends and would have liked to have spent a little time with us.

During the interview the question of freight rates to and from Saskatoon was discussed, and Mr. Peters stated that the rates on various articles, including fruit and cement, would be adjusted.

Political Meetings

Albertan:

Mr. Bush, the Conservative candidate for Strathcona, held a meeting at Ponck on Thursday evening. The meeting was first addressed by Mr. Gray, of Millet, an ex-member of the Iowa legislature, who declared himself to be a galvanized Canuck by virtue of a certificate from Judge Scott, and said that as he was a protectionist in Iowa he was going to be a protectionist here.

Mr. Bush spoke next and dealt with the Grand Trunk Pacific project. He condemned it as a monopoly, a gigantic scandal, an extravagant expenditure of \$150,000,000 of the people's money with no control of rates and declared himself in favor of Mr. Borden's alternative scheme. He wanted protection for Alberta farmers and accused the present Government as extravagant.

Mr. C. A. Stuart, of Calgary, represented Mr. Talbot, the Liberal candidate, and was allowed half an hour. He compared the Conservative record on the question of railways in the West with the present policy of the Liberal Government and declared that the Conservatives themselves had given the death blow to government ownership when they rejected McKenna's plan to build the C.P.R. He showed also that the national taxation had been reduced by the present government and the debt not increased, notwithstanding the heavy expenditure on capital account.

Col. Gregory, the Independent candidate, also addressed the meeting. He spoke in favor of the nationalization of railways, protection for the farmers and government loans to farmers, but praised the present government for their administration of public affairs.

R. B. Bennett, of Calgary, closed the meeting with a short non-political address.

The following evening at Lacombe a similar meeting was held and similar addresses made with the exception that the Calgary men discussed provincial autonomy and Mr. Bennett attacked Sir Wilfrid Laurier for calling Lord Dunsford a foreigner. The meeting closed at a quarter after twelve in the morning.

And Still Lord Dundonald

The greater part of yesterday was occupied by another discussion on the woe of Lord Dundonald. The Leader of the Opposition took occasion to complain of certain remarks made by Solicitor-General Lemieux in England in regard to Lord Dundonald's political actions in Canada. The Opposition, including their Leader, were feeling very sore over the announcement in the morning papers that Lord Dundonald had been asked by British Government to return to England and explain his conduct.

Mr. Borden Denies Exploiting Lord Dundonald

While Mr. Borden used the remarks of Mr. Lemieux as a text his sermon was on Lord Dundonald, and related to the position taken by both Government and Opposition in the British Parliament as to the propriety of Lord Dundonald's conduct in Canada and the use that was being made of him by the Opposition party. Mr. Borden said: "The Conservative party has not endeavored to exploit Lord Dundonald and has had nothing to do with any reception accorded to him on any occasion. I say this as Leader of the Conservative party in the House." It would be conceding too much to call this statement mere quibbling on the part of the Leader of the Opposition, when in almost every newspaper reporting his party the chief subject of editorial comment for the past three weeks at any rate has been Lord Dundonald, his position and his grievances. It is a fact that Mr. Borden, with better judgment than most of his followers, has not made the grievances of Lord Dundonald the subject of a motion in Parliament, and therefore has so far avoided giving his official sanction to the campaign. But Mr. Borden seems to be a constantly decreasing influence in the party which he is supposed to lead, and while his legal judgment is good, his actions carefully weighed, and his words carefully weighed, if he is Leader of his party he must assume a measure of responsibility for the words and actions of his followers unless he distinctly repudiates them. When, instead of repudiating them he gives them the cover and assistance of his position and ability as far as he can do it without committing himself personally, he thereby does commit himself as the party leader and must accept the responsibility. Mr. Borden evidently understands the unwarranted nature of the campaign which has been made by his party press in this connection.

The Discussion Continued Without Results

The Premier replied to Mr. Borden in regard to his criticism of Mr. Lemieux's remarks, but said nothing in regard to Lord Dundonald. This might very properly have been expected to close the incident in the House but that could not be. However Mr. Borden might control his chagrin at the action of the Imperial authorities his followers were not able to do so. Col. Hughes made a fierce attack upon the British Government, which he said "was always to be found truckling to the colonial element in the colonies." The Minister of Finance in a few words expressed his appreciation of the view taken in the British House of Commons in regard to Lord Dundonald. Colonel Tisdale made a pathetic appeal to the House and country to be fair in dealing with this matter. He was overwhelmed with grief at the anxiety of a Government which had precipitated this difficulty with Lord Dundonald. Mr. Bell, of Pictou, Nova Scotia, declared that the Conservative party had not in any degree been guilty of exploiting Lord Dundonald as a political issue.

The debate was continued by a number of members on both sides of the House, and occupied the whole of the morning, afternoon, and part of the evening sitting, without any motion being made or a vote being taken. It was merely a manifestation of spleen on the part of the Opposition members at the action of the British authorities in recognizing that Lord Dundonald had put himself in the wrong, and that therefore his political usefulness to them had gone.

From Imperial Defence to Fattening Chickens

A motion by Taylor, Conservative whip condemning the Government for the operations of the Department of Agriculture in its poultry raising demonstrations, was discussed at some length, and was declared lost without a vote.

A Hold-up to Protect Macoun

The business of the day was the taking up of the Interior Department estimates, and these were only reached at about ten o'clock at night. Some important votes were passed but one, the item for the Geological Survey, Messrs. Sproule, Ingram and Clancey of the Opposition, with a total of from ten to fifteen Opposition members in their places, obstructed the item until after twelve o'clock. In the effort to compel the Government to promise to retain the services of J. M. Macoun, whose report on the Peace River had been the subject of so much discussion in the Agricultural Committee before the report of the Committee discrediting him was brought before the House. Although the item included salary and increase for Mr. Macoun they were not satisfied, and would not be except they had the assurance that Mr. Macoun's services would be retained, which, it is needless to say, they did not receive; and finally in default of anything that even they could think of to further obstruct, the item passed. Then they wanted the House to adjourn, the hour being twelve o'clock; but at last condescended to continue in session until one o'clock, and passed a few more items.

Irresponsible Government

The Leader of the Opposition was not present during this hold-up by less than a handful of his followers, and indeed, seems to have no sort of control or direction of their attitude or movements, so that arrangements made as to the date of prorogation are absolutely ineffective. Mr. Borden himself is reported to be willing and anxious to close, but a dozen or less of the freebooters at his back, to whom Parliament is an amusement or employment without being a duty, and who are probably of more importance in Ottawa than they would be at home, prevent the reason indefinitely simply because under the privilege of Parliament they are able to do so.

Ottawa, July 22nd, 1904.

PARLIAMENT

Ottawa Correspondence:
Systematic Obstruction

A considerable part of yesterday's proceedings was occupied with a discussion on a motion of want of confidence moved by Rufus Pope, Conservative M.P. for Compton County, Quebec. The motion was a complaint against the system of weighing export cheese in Montreal, and was negatived by a vote of 75 to 46. It would seem that the opposition have a number of more or less public questions of private interest, which they propose to bring up individually from day to day on the motion to go into supply. Neither the leader of the opposition, nor his lieutenant, Mr. Monk, were present.

Farmer Delegates Criticized

The immigration estimates of the Department of Interior were then taken up. Wilson, M.P. for Lennox, Ont., criticized adversely the immigration expenditure and was particularly severe in regard to that incurred in respect of the farmer delegates who were sent to the old country last spring. His view of the case was that 54 delegates were sent to the old country at a cost of \$25,000, and so far as he could learn the arrival of ten or twelve immigrants from the total result from this expenditure.

Judged by Actual Results

Mr. Wilson ignored the fact that until the last couple of years immigration from the old country to Canada was practically at a standstill. It is only since the farmer delegates have been sent that British immigration has amounted to anything, and now it seems likely by its increase to stand in the place of the decrease of the movement from the Western States. There is no doubt that the failure of the flush times in those States, has had some effect in reducing the flow of emigrants from them to Canada.

As to Disposed Immigrants

A great deal of discussion took place on the subject of the admission

of diseased emigrants. It appears that a considerable part of the emigration to the United States comes by way of Canadian ports. The United States government maintains officials at the Canadian ports to inspect the immigrants as to their health, and to refuse entry to the United States of those who are the subjects of communicable or incurable diseases. The Canadian government has the same system; and immigrants found to be under such disability are either held in quarantine at the steamship company's expense until recovered, or are returned to the place of embarkation. In the case of those stopped by the United States officials no such arrangement is made.

A Difficult Question

The minister said that the position was unfortunate, but it was one that so far the department had not been in a position to deal with effectively. If parliament would give the necessary authorization, he would be prepared to handle the question, but it must be recognized that it was a most intricate and difficult one.

Immigration and Misrepresentation

Puttee, Labor, of Winnipeg, complained that by the efforts of steamship companies and unauthorized agents, large numbers of artisans were being induced to come to Canada to compete in the labor market here, without intending or being properly fitted to go upon the land.

The Department not Responsible

The minister said that the department could not be held responsible for representations made by unauthorized persons; but the department had advertised in the British newspapers warning people against such representations.

KNIGHTS OF PYTHIAS

MEMORIAL SERVICE

In Hounston's Hall last night Carried out very Successfully

Jasper lodge, No. 6, Knights of Pythias held a memorial service for departed brethren in Hounston's hall last night. Over thirty members of the lodge were present. To Edmonton lodge belongs the distinction of holding the first memorial service in this rapidly increasing order in the Grand Domain of Manitoba and the Northwest Territories.

The hall was very prettily decorated for the occasion and the entire proceedings passed off without a hitch of any kind. This is all the more creditable when it is considered that Jasper lodge is one of the newest in the west. Immediately after assembling, the officers of the lodge in their regalia and with the assistance of the brethren present conducted the memorial service. The work was put on in splendid style which reflected great credit on the enthusiasm of the officers having it in charge. The ceremony was most impressive, appropriate music being rendered in connection with it.

After the service was completed, cigars were passed around and a short impromptu musical program rendered. Splendid speeches were delivered by Judge Tipton, of Strathcona, formerly of Nebraska lodge No. 1, who dealt chiefly with the influence of Pythiasm; by Mr. Bristow, who concerned himself chiefly with the purposes of the memorial service; and also by H. C. Taylor and J. C. F. Pown. A letter was read from the Grand Vice Chancellor and others, regretting their inability to be present. A delicious supper was then served in the lodge rooms by H. N. Dodge. This brought the very interesting proceedings to a close.

Jasper lodge, Knights of Pythias, is in a very flourishing condition. This is evidenced by the report of Grand Chancellor John D. Williams of Portage La Prairie, after his visit to Edmonton last year. "In this he says: 'I next decided on an extended trip to the lodges in the Northwest Territories, and making the long trip to Edmonton found Jasper Lodge very prosperous. I believe we have the most up-to-date set of officers in Jasper No. 6 of any in the Dominion: Bro. Hockley, G.C., met me at the depot, and I was the guest of the lodge for the whole of my visit. Accompanied by Bro. Hockley, I called on all the brethren and attended a very enthusiastic meeting in the evening, when the rank of knight was exemplified. The work of the team was of a very high order and excellence. During my stay I was driven over to the town of Strathcona by Bro. Hockley and we undertook to start a charter list. We found several brothers living at Strathcona, and after getting eight names on application for a warrant, left same with one of the brothers to continue the good work. A new lodge is sure in Strathcona this year. Bro. Hockley had all arrangements for a new lodge to be instituted at the town of Olds, Alta., but unfortunately a two days' blizzard spoiled the chance and we had to postpone the date.'

Jasper lodge has increased its membership this year over three hundred per cent. The officers of the lodge are:—
Robt. Hockley, G.C.
W. B. Stensitt, V.C.
J. C. F. Pown, M.W.
John E. Graham, K. of R. & S.
P. Walker, prelate.
E. Manchester, I.G.
Crosskill, O.G.
H. C. Taylor, S.P.C.C.

War Notes

London, July 26th.—While the negotiations between Great Britain and Russia respecting the Red Sea seizures have been carried on in a peaceful conciliatory manner, the Associated Press learns that the representations to the S. Petersburg Government, Foreign Secretary Lansdowne declared that Great Britain could not in view of her treaty alliance with Japan allow any interpretation to be placed on treaties relating to the Dardanelles which would permit of the free passage of vessels of the Russian volunteer fleet from the Black Sea to the Mediterranean with the view of their subsequent employment for war purposes.

It has not been generally known that Lord Lansdowne went so far as to call Russia's attention to the Japanese treaty, though suggestions have been published in British and Japanese papers that the action of the Smolensk

and St. Petersburg in traversing the Dardanelles had placed Turkey in the position of giving assistance to Russia and that this made it Great Britain's duty to come to the relief of her ally as required by the Anglo-Japanese treaty.

It is understood that the Russian authorities gave careful consideration to this feature of the British representations and although maintaining the British contentions to be unjustifiable, determined in the interest of general peace and in order to settle the question to waive the war privileges claimed for the two volunteer fleet steamers and not to authorize further operations of the ships of that character. It is pointed out that as the places of the St. Petersburg and Smolensk will be taken by regularly accredited warships, Russia feels she will lose nothing and at the same time avoid irritating neutrals, with all of whom the desire to remain on good terms.

BRITISH CABINET MEETING.

London, July 26th.—The sinking of the British steamer Knight Commander by Russian cruisers off Japan was discussed at a meeting of the cabinet to-day held at the foreign office.

Before the meeting Count Benckendorff, the Russian ambassador, was closeted with Foreign Secretary Lansdowne and discussed in detail the operations of the Russian cruisers in connection with neutral shipping, but as the Russian embassy had not been officially informed by the Russian government of the destruction of the Knight Commander, the ambassador was unable to make any statement to the foreign secretary. The Knight Commander incident is attracting close official and public interest.

London, July 26th.—Answering half a dozen questions based on the seizure of the Peninsular and Oriental Company's steamer Malacca and other ships by the Russian volunteer fleet steamers, Premier Balfour, in the House of Commons yesterday, after referring to the diverse character of the questions, went on to say:

"The difficulties—I may say great difficulties, I do not wish to minimize them—arising from these captures deal with a problem which has given and is still giving the government great anxiety, but of which I may say the signs indicate a favorable issue. More than that I think it would be inexpedient to say."

PRIZES IN SUEZ CANAL.

With reference to the question whether Great Britain was bound under the Suez canal convention to allow a British vessel taken as a prize to pass through the canal against the will of the owners, the premier said: "No act of war, so far as I am aware, has been committed in the Suez canal, and the convention expressly provides that a prize shall be treated as a man-of-war, and man-of-war are to have free right of passage. Therefore I do not think any particular difficulty attaches to that branch of the question, or gives rise to a difficult subject for controversy between the two powers. I think there can be no doubt that we are bound to allow a prize of war to traverse the canal."

"The Suez canal is under international management, and it is not for an individual power to say what the rule ought to be, but in the British government service a legitimate prize may traverse the Suez canal without breach of the international arrangement."

TWO MORE DROWNED

CAMPING AT LONG LAKE

Regina's Summer Resort. Skiff overturned in a Squall with this Terrible Result

Bulletin Special Dispatch.
Regina, July 28th.—A sad drowning fatality occurred on Long Lake, near Lumsden yesterday morning in which Ernest Peart and R. Jelly lost their lives.
Five Regina young men, T. N. Peart, Russell Williams, and H. Hutchinson, besides the victims, were camping on Long Lake, during their holidays. Jelly and Peart went out together in a canoe and were apparently capsized in a squall some distance from the shore.
Jelly was agent at Regina in the C.P.R. telegraph office and was the son of a former member of the N.W. T. Legislature.

NEWS OF THE WORLD

IN BRIEF PARAGRAPHS

Condensed Dispatches Dealing with the Day's Most Important Happenings

Winnipeg, July 29th.

Terrific storms ravaged western Ontario.

The Bank Act amendment received its third reading yesterday.

The Canadian cricketers lost to Parkside at Chicago.

The Winnipeg junior four will compete at the St. Catharines regatta.

Frank Montgomery of the Carberry district was run over and killed.

The mangled body of an unknown man was found in the C.P.R. yards.

Five professors were appointed to the council of the University of Manitoba.

Toronto will give a reception to Private Perry, winner of the King's prize at Bales.

The C.P.R. profess to have no fear of the capture of vessels of the Empire Line by the Vladivostok fleet.

Four were drowned in Old Man's river while fording, two while canoeing near Regina, two while bathing at Birtle, one from falling from a wharf at Port Francis and one while bathing in Rainy Lake, yesterday.

Premier Balfour delivered an important speech on the Russian crisis, asserting that belligerent ships had no right to issue from the Black Sea, and that the sinking of the Knight Commander was a serious breach of international law.

There was a record attendance yesterday (Citizens' Day) at the Dominion Exhibition. Judging in the horse and swine classes was concluded and progress made in the cattle classes. This is American's Day. The free for all takes place this afternoon.

EUROPEAN CAPITALISTS HERE

F. West, of Paris, France, J. Brunner of Brussels, and Ed. Jacobs, of Antwerp, prominent European bankers, arrived in Edmonton last night and are staying at the Alberta. They are accompanied by W. A. Campbell, of Winnipeg. The party are making a tour through the west for the gathering of information and in order to get an idea of the possible development of the country. They have been driven about the city and profess themselves greatly surprised and pleased to find a town of Edmonton's importance, actual and prospective, in this Far Northwest.

Wa Notes

Continued From Page Four.

Dealing with other features of the questions, Mr. Balfour said he did not believe that the removal of a portion of the cargo of seized ships at the discretion of the captain of a visiting warship without the adjudication of a prize court was sanctioned by the practices of international law.

Touching upon the question which has been raised on the subject of the status of the vessels of the Russian volunteer fleet, Mr. Balfour said he must regard this for the present as forbidden ground. "It gives rise," said the premier, "to a controversy which will better be settled if the House will for the moment be content with what I have said."

Suez, July 26th.—The British steamer Ardo, which was seized by the Russian volunteer steamer Smolensk, has been released and her prize crew has been landed.

RUSSIA'S BREACHES.

St. Petersburg, July 26th.—It is reported that Japan has officially protested to the Russian government to violations of the articles of warfare on eleven counts, namely: Several Russian battalions hoisting the white flag at the battle of Vafangow, and including the Japanese to cease firing, abuse of the Red Cross flag, stabbing, shooting and mutilating the wounded, etc., as contained in General Oku's report already published. The protest was presented by the United States which, however, made it clear that the United States did not share in the protest, but acted only as the medium for its transmission, and as such would agree to forward any reply Russia cared to make.

BRITISH STEAMER IN DANGER.

Tacoma, Wash., July 26th.—The steamer Calchas, flying the British flag, is believed to be within the zone of danger of Russian capture. The Calchas, belonging to the Alfred Holt fleet, of Liverpool, sailed from Tacoma July 9th and is due at Yokohama Wednesday or Thursday. As the Vladivostok fleet is reported to be off the Japanese coast, it is thought possible that the Calchas may be taken as a prize. The Calchas carried a considerable quantity of flour, consigned to Japanese firms. The steamship Shawmut, flying the American flag and belonging to the Boston Steamship company, left Tacoma about a week later than the Calchas, and, being a slower craft, is not expected to reach Yokohama for ten days or more.

St. Petersburg, July 26th.—Dispatches just received by the war office announce that the Russians have retreated to Hai Cheng, four miles north of New Chwang, towards Mukden.

PARLIAMENT

Continued from page 3.

A Characteristic Attack

At a late hour, Roche, Conservative, Marquette, Man., attacked the minister on the subject of a special immigration issue of the Winnipeg Free Press. He declared that the matter contained in the issue was injurious to the country and should not have been circulated by the Immigration Department. In support of his contention he had collected sentences and parts of sentences from the facts and opinions given by correspondents, which were a feature of the issue, and which being massed together without the context would give a very unfavorable impression regarding all parts of the country.

Misrepresentation Exposed

Davis, Liberal, Saskatchewan, pointed out that the use made by Dr. Roche of the words taken from the paper was not at all warranted. Instead of condemning the country the articles were highly commendatory. They had mentioned its drawbacks, but showed how these were more than balanced by its advantages. On the principle of garbling adopted by Dr. Roche, the bible could be made to say "There is no God."

Decrying the Country to Attack the Government

The action of Dr. Roche can only be considered as a gross misrepresentation; and inasmuch as he placed upon the official records of parliament, on his responsibility, the collection of injurious statements which he had made, he stands in the position of having done the very thing that he falsely accused the Free Press of doing. In his anxiety to attack the government he made himself a party to a most unjust attack upon the country and indeed, fathered it. July 28rd.

Field For Fiction

A Winnipeg paper interviewed Cy Warman, the well known story writer, after his visit to Edmonton. It says:—

Cy. Warman, the well known railroad story writer, of Denver, Col., returned to Winnipeg on Saturday after a short trip through the West. During the past few weeks he has visited Banff, Calgary, Edmonton and other points in Western Canada. Mr. Warman came to the West to get new color for stories for American magazines and has been quite successful in doing so. It has been his aim during his short stops in the various points at which he touched, and he succeeded, to get in close touch with all classes of people who have lately settled in the Northwest, as well as with the Indians, whose interesting peculiarities usually figure so conspicuously in all tales of Western life.

"Western Canada," said Mr. Warman to a reporter for the Telegram, "is the best place on the American continent to collect material for short stories. It has been for some time, and will continue to be, the delight of every author whose efforts are along the line of depicting life in the West. As a field of fiction it is almost unequalled in any part of the world. The very people who have settled here, their mode of life and their pioneer hardships are worthy subjects for the best fiction writers. From the old trappers, the Indians and the half-breeds, true stories are obtained, which when put in the fiction style, are found most acceptable to readers of all tastes. The short story I have made in the Edmonton district has just given me a taste of the possibilities of that particular section as a field for material for fiction, and I am hungry for more. I may have time to go back there after the fair is over, but if I do not, you may rest assured that I shall return to the West next year again."

"How did you like the Indians?" Mr. Warman was asked.

"I found them to be a fine class of Indians here in the West. The Northern Indian is in my opinion, far superior to the southern Indian. He has more honor than his brother red-man in the Western States. Faithfulness is one of the bright characteristics of your Indians here. I have seen some that were as faithful to the white man as good dogs are to their masters. They are industrious too, and are more active and thrifty than the southern Indians in the same scale as people who live in the colder climate of the north are more active than people in the warmer southern climate."

"I should say," declared Mr. Warman, "that the Edmonton district is a safe one. I mean to say that it is a safe investment to buy land up there. I was surprised at the low price per acre that first class land is bringing at present. I met some grumblers near Edmonton, though, and some of them

were the pioneers of that region. These grumblers, whose numbers are few, continually talk of the hardships of pioneer life, and are always expecting that the buying of farm lands is going to turn out to be a bad speculation. I cannot see how this can be the case, and it is almost certain that anyone who buys farm lands judiciously will make a handsome percent on money invested. As to the complaint about pioneer life, these people who start in the West must come here prepared to encounter hardships and to do without the conveniences of country life in the settled districts."

Mr. Warman will remain in the city for the two weeks of the Dominion fair.

Scholes Welcomed

Toronto, July 25.—On his arrival here this evening, Lou Scholes, the winner of the Henley diamond sculls, was accorded a tremendous ovation. He was met at Lewiston, N.Y., by a deputation representing the city council and the various athletic clubs, which accompanied him across the lake on the steamer Corona. Three miles from the bay the steamer was met by and passed through a lane of nearly two hundred craft of all sizes and shapes, whose enthusiastic owners fired guns and fire crackers and cheered themselves hoarse. At the dock thousands of people were present. A procession, which included three military bands, was formed, and proceeded up Yonge street to Queen's park, via St. Joseph street. All traffic was at a standstill, the roofs of the street cars being occupied by hundreds of men. It is estimated that eighty to ninety thousand people witnessed the procession. At the park ten thousand had gathered and the scenes of enthusiasm along the route were renewed as Scholes stepped on the temporary platform. Here Alderman Ramsden, acting mayor, on behalf of the city presented him with an illuminated address and a massive solid silver tea service.

Scholes in reply simply said: "My heart, I assure you, is overflowing. I went away to do my best to bring honor to my city. I thank you all for the honor you have done me, and the hospitality you have shown me." Addresses were also made by Messrs. E. F. Clarke, M.P., Ned Hanlon, and the champion father, J. F. Scholes. The baseball club presented him with a diamond studded medal. A large crowd accompanied Scholes to his home, and the celebration was kept up to a late hour. Scholes will receive further gifts from several athletic associations. He is in splendid condition and will row at the Canadian regatta at St. Catharines next month.

The Hero of the Hour

New York, July 25.—Bronzed like an Indian and declaring that he was "never better in his life," Lou Scholes, Toronto's own world's champion oarsman, stepped from the Arabian yesterday morning into the outstretched arms of his father and friends.

"It was no pleasure trip," said the champion. "Hard work all the way there until the game was over." Discussing the final contest, he said:

"It was a beautiful day and there was not a ripple on the water. There were 7,000 people at Henley that day. I got the inside position. I got to the front from the crack of the gun and took a lead of a length and held it. I settled down to a good long stroke. I knew I had the race alright, although I wasn't altogether sure just how my strength would last out."

"At Pawley Cloutie tried to spurt, but I wasn't in any difficulty. Beginning about 300 yards from the finish there are holes in the wall at 50-yard intervals, and I calculated to make my finish in the last 50. I let him come up pretty nearly even. Then he broke his stroke and I did too, and really won as I pleased. Then came the cheerers, and Cloutie and I got together and shook hands, and he said to me: 'Well, we're still the best of friends just the same,' and I said we were."

"The night before I rowed Cloutie I was down to 158 pounds from 174, and I didn't get to sleep until 2 or 3 o'clock. In the four days' rowing I wasn't allowed to eat anything but some steak or dry toast and nothing to drink until 10.30 in the morning, and then a light supper in the evening. Both Kelly and Cloutie treated me splendidly after the races. I was also treated royally at every point and by every person."

Land Seekers Arrive

Herald:

A large delegation of Americans from the best agricultural districts of the States went up the Edmonton line this morning. They will locate around Red Deer and over in the Bowden Valley. All of them are men of means. Some will buy improved farms, while others will go some thirty miles east and homestead. Some of them will return to the States in the fall to report to other farmers the result of their prospecting tour through Alberta.

James Leak and son represent the Ohio Colonists. They come from near Toledo. There is no better agricultural land in the world than that these two gentlemen are abandoning for Alberta.

James Young is the spokesman for the Minnesota party. He is from near Minneapolis and a farmer of experience. He comes from a fine farming section of Minnesota.

A. E. Walker, of Terryville, S. D., will report for the delegation from that State on his return and in the head of a large number who came in the first party from there. This is the section from which many settlers rushed into the Rosebud reservation. The fact that so many prefer to come to Canada indicates that that part of the States feel towards the Dominion.

David Campbell, of Colnwell, Mich., is the chief of the Michigan settlers in the party.

With these Americans are two representatives of a large farming community in Quebec—Messrs. Thibault and Bray, of St. Hyacinthe, Quebec.

Simon Downey, of Carleton Place, Ontario, met the crowd last night and conducted them on their leaving tour north. If these gentlemen are satisfied it means the acquisition of several hundred families. Thus huge delegations will be brought in from four of the best agricultural States in the Union—Ohio, Michigan, Minnesota and South Dakota.

The new settlers said Alberta was better known in the States than Ontario and the people are clamoring for information. One of them said a man rode two miles to secure a copy of a Canadian paper that he might learn something of this country. They declared that letters were written daily from different sections to the Dominion Government for literature and usually these pamphlets are sent around to friends until worn out.

One ventured the opinion that if the United States government protested against the circulation of literature

Is at the Queen's Hotel, commencing July 27th, ending August 3rd.

Madam Neidle has gleaned her knowledge from hospitals, institutions for the deaf and dumb, and insane, also from criminal and every day observations. She also gives you Psychometrical Readings (bring jewelry for trial) telling you what you are best adapted for, your faults and your virtues; what disease, if any.

She reviews the past and predicts the future with wonderful accuracy. Madam has travelled all over Europe and America, and has read the hands of many wealthy and distinguished people.

You should consult this wonderful, clever woman while you have the opportunity, as she is the cleverest Palmist in America.

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 16, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, or 160 acres, more or less.

ENTRY.—Entry may be made per district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following upon cultivation of the land in each year during the term of three years:

(1) At least six months' residence years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of 90 or 120 days of such person's residence upon said land, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is

meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must 'pre-empt' by 30 acres of equalizing area, 30 acres of equalizing area to buildings for their accommodation, and have besides 30 acres, substantial.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART,

Deputy Minister of the Interior. N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

LOCAL

—Train on time.
—The touring Calgary baseball club defeated Brandon Wednesday by a score of 7 to 3.

—West enders are agitating for a letter box to be placed on Jasper avenue west near Fourth street.

—Edmonton baseball team will probably visit Port Saskatchewan next week to play for the Shera cup.

—The roads are drying up rapidly after last night's heavy rain. About an inch and a half of rain fell.

—There will be a conglomeration-social held at the Salvation Army barracks on August 3rd. Ice cream and cake will be served. Admission 25 cents.

—There will be no lacrosse match to-night. An effort was made to arrange one but Strathcona has refused to play this week. It is hoped that a game can be pulled off between the two towns the first of the week.

—Owing to the rain delaying Mr. McLeod's return from Port Saskatchewan last night, he failed to meet with the members of the Board of Trade who had gathered at the Fire Hall. For this reason the meeting called to discuss post office facilities did not materialize.

—A large number of American land seekers arrived in the city last night and express themselves greatly pleased with Edmonton's appearance and prospects. They state that the further north you come along the Calgary and Edmonton line the better the crops appear.

—The Fort Saskatchewan baseball team arrived in Edmonton yesterday evening in the midst of the rain storm on their way to Strathcona to play with the club there. Of course the game had to be postponed and it will be played in Strathcona to-night. An effort was made to arrange for a game in Edmonton but without success.

—A very heavy rain storm visited this locality last evening. It was accompanied by thunder and lightning which were very close. A great amount of rain fell, the country getting a thorough soaking of which it was greatly in need. The rain is worth thousands of dollars to the farmers of this vicinity.

—Battleford Herald: The grading outfit of J. D. Bright, C.E., arrived from Saskatoon on Friday night and left next morning for Breezyville, where Mr. Bright has a ten-mile contract. * * * J. C. Oliver, F. Otton and W. Moore arrived from Edmonton on Saturday night. Mr. Oliver's cows have arrived but his raft is not in yet.

—Free Press: Mr. A. C. Smith, a contractor for the Canadian Northern, doing grading between Saskatoon and Battleford, returned from Saskatoon yesterday. Mr. Smith reports the work of railroad extension as proceeding with great rapidity, the summer having been exceedingly favorable to railway work. About three miles a day of iron is being laid, and the five hundred miles contracted for will be finished without doubt. The summer has been too dry for successful farming in the Battleford district. The big bridge across the Saskatchewan, north of Saskatoon, has been completed and arrangements are now being made to build the bridge north of Battleford. Mr. Smith will be in the city two weeks.

PERSONAL

J. A. Powell returned to the city last night.

Sidney W. Band, Toronto, arrived in the city last night.

A. H. McKinnon, of Dawson, arrived in the city last night.

Mrs. Jas. Burns, Toronto, is in town visiting her two daughters, Lily and Alice.

Miss Jas. Burns and Miss E. Maguire of Toronto, arrived in Edmonton Saturday last.

Mr. Corriveau of Lawrenceville and Corriveau, proprietors of the Windsor Hotel, returned last night from a trip to the coast.

Messrs Thibault and Bray of St. Hyacinthe, Quebec, representing a large farming community arrived in the city last night in the course of a trip through the West.

Free Press: Mrs. J. C. Dowsett, of Edmonton, and her family, and Miss Jean Cameron, of Calgary, are guests of Mrs. W. L. Parrish, Whyteville, and will take in the Dominion Fair.

Local Time: Mr. H. W. Marling, for some time teller of the Bank of Commerce here has been

transferred to Edmonton branch and left on Saturday evening to take up his duties in the northern city.

Brandon Sun: Mrs. A. B. Powley and children and Miss Stella Cameron of Edmonton, are in the city, visiting their sister, Mrs. S. B. Lowes, 1534 Princess avenue. Mrs. Powley and Miss Cameron are former residents of Brandon, who have been living in the west for the last three years.

SCHOOL BOARD MEETS

An adjourned meeting of the Edmonton School Board was held in the secretary's office yesterday afternoon. Those present were A. Taylor, H. C. Taylor, K. A. McLeod and R. Lee. The tenders for plumbing McKay avenue school were first taken up. Tenders were read from:

A. Lee \$ 1675.00
Corriveau & Lockerbie 1448.00
Revillon Brothers 1789.00
Ross Bros. 1753.00
Corriveau & Lockerbie were given the contract.

Two tenders were then read for moving McKay Avenue school to permit of the erection of the new school. They were:—

Wardell and Latimer \$ 400.00
D. McCauley 212.50
The latter's tender was accepted. The meeting then adjourned to meet again at the fall of the chairman.

AGRICOLA

A football match between Agrícola and Clover Bar was played at the McKay settlement clinic, on Wednesday, 20th, which resulted in a win for Agrícola by 2 goals to nil. The first goal was the result of a very good shot by D. Kennedy on the left wing. The second goal was scored in the latter half of the game, by W. Hanlan off a free kick, which Weaver in goal let through somewhat easily. The game considering the roughness of the ground was a fast one. Spencer, and McKee were unable to play for Clover Bar. Following are the teams:

Agrícola, Goal, J. Brown; Full Backs H. Pierce, S. H. Kelsey; Half Backs, W. Hanlan, C. Y. Weaver, B. Symington; Forwards, R. Stevens, B. Wright, J. Williams, B. Pierce, D. Kennedy.
Clover Bar, Goal, P. Weaver; Backs J. Reynolds, Rev. Hayes; Half Backs Albert Ottewill, D. Fowler, W. Keith; Forwards Arthur Ottewill, E. Keith, R. Gibbs, A. Walker, Baker.
Agrícola, July 24th, 1904.
